

# Get your cat spayed for £5

Make their life more fun and get them done from just £5. A simple operation to stop your female cat making kittens will make them much happier and healthier. Any participating vet will get them done. If you live in EH and ML12 post codes and are on low income or benefits, you can get them done for just £5.

## To book an appointment – it's easy....

Make an appointment at one of the vets named below in the normal way. Tell them that you want to use the £5 scheme and take proof of benefits or low income with you, when you take the cat in.

<b>Animac Vets</b> , 128 Comiston Road EH10 5QN	T: 0131 4529277
